

## 1,000 µl TipOne® Filter Tip, Natural, Racks (sterile)

### Product Highlights

- Highly effective HDPE filter that contains no additives to interfere with samples
- Universal tip fit
- High-quality virgin polypropylene tips, with extremely smooth surfaces for reduced sample retention
- Sterile and Certified RNase, DNase, DNA and Pyrogen free
- Racks can be retained and reused with TipOne® refills
- All components, excluding tips and shrink wrap, are recyclable

## Product Applications

DNA applications (e.g. PCR)

RNA applications (e.g. Gene expression analysis)

Protein applications (e.g. Antibody Research)

Cell Culture applications (e.g. Media)

Applications with radio actives

## More informations about 1,000 µl TipOne® Filter Tip, Natural, Racks (sterile)

### Nothing goes through!

Protect your samples from unwanted contamination with TipOne® filter tips. Our high-quality filters prevent aerosol cross-contamination without trapping your valuable samples. Plus, they contain no additives that could interfere with your samples.

You can't always see fine aerosols entering your pipette, but they can contaminate other samples later. TipOne® filter tips block over 99% of aerosols\*, making them one of the best filters available.

Sterile TipOne® tips are validated according to EN ISO 11137-2:2007.

### Join our journey to sustainable pipetting.

TipOne® tip racks are built to last. When you have used your filter tips, the rack can be reused again and again with the cost-effective TipOne® refills (non-sterile, sterile and sterile filter tip options available). TipOne® racks have been tested and they can withstand at least 100 autoclave cycles (rack with wafer inside) without damage.

The base of the rack is made with 25 % recycled plastic. All components, excluding tips and shrink, are recyclable. Sign up for our TipOne® recycling service!

\*See TipOne® brochure in downloads section for details.
