

## 200 µl XL Graduated Filter Tip / Wide Orifice, Racked (sterile)

### Product Highlights

- Large orifice tip ideal for pipetting macromolecules and viscous samples
- Compatible with a wide range of pipettes
- Certified
- 1.0 mm inside orifice
- Supplied in convenient, press to open rack

## General Data

|                    |                              |
|--------------------|------------------------------|
| Art. No.           | E1011-7420                   |
| Pack Size          | 192 Tips (2 Racks × 96 Tips) |
| Sterile            | Yes                          |
| Filter tip         | Filter                       |
| Volume             | 200 µl                       |
| Tip Type           | wide orifice                 |
| Material           | Polypropylene                |
| DNA free           | Yes                          |
| DNase free         | Yes                          |
| Free of endotoxins | Yes                          |
| PCR inhibitor free | Yes                          |
| Pyrogen free       | Yes                          |
| RNase free         | Yes                          |
| Graduations        | Yes                          |
| Color              | Natural                      |

## More informations about 200 µl XL Graduated Filter Tip / Wide Orifice, Racked (sterile)

- › Protect delicate samples from shear force and reduce flow resistance
- › Eliminate cell fragmentation caused by mechanical shearing
- › Maintaining the integrity of high molecular weight DNA like gDNA or rDNA
- › Pipetting of viscous solutions such as glycerol, Triton™ X100, blood, milk, syrup, etc.
